PROFESSIONAL SUMMARY

Former sales professional with hands-on experience managing $2M+ pipelines. I am now developing full-stack applications and combining my business insight with technical problem solving to build solutions that align with any future development needs.

SKILLS

Sales & Business Development –

- Client acquisition and negotiation
- Account management
- Pipeline building
- RFP support

Technical –

- Frontend: HTML5, CSS, React, TypeScript
- Backend: Python, JavaScript, Java, APIs, AI Integration
- Databases: Firestore, DynamoDB, PostgreSQL, Redis
- DevOps: CI/CD, QA/testing, security, code cleanup

CODING PROJECTS

Valleyforgeautomotive.org - Mechanic shop management web app built with React, Firebase, and Firestore. Hosted on Squarespace. Includes Google Sign-In, JWT authentication, rate limiting, input validation, and performance-based caching.

MissionCtrl.org – Realistic satellite simulator built with React, Firebase, and Firestore. Hosted on Cloudflare. Integrates Gemini AI across the application.

Immaculate Draft - MLB trivia game built with HTML, CSS, and JavaScript. Hosted on GitHub.

PROFESSIONAL EXPERIENCE

AI Search Quality Evaluator Activus Connect – Remote (November 2025 – Present)

- Evaluating user queries across diverse topics to identify severity and factuality issues in AI outputs and delivering feedback that improves model performance for Google Gemini.

Account Executive Citizen Observer – St. Paul, MN (September 2022 – August 2024)

- Led adoption of the tip411 platform across six municipalities by building and managing sales pipelines targeting local government, law enforcement, and public safety decision-makers through 100+ live product demonstrations, including travel to Dallas, TX and San Diego, CA.

Sales Development Rep. Digital River – Minnetonka, MN (July 2021 – July 2022)

- Researched gaming and digital goods prospects to identify opportunities.
- Collaborated with Account Executives to qualify leads and accelerate sales cycles.
- Secured a $500,000+ deal with a gaming client Rec Room through targeted outreach and executive meetings.

Account Executive INRY – Eden Prairie, MN (October 2020 – July 2021)

- Managed $400,000+ pipeline through full sales cycle from lead generation to contract negotiation.
- Built relationships with HR and IT stakeholders to position ServiceNow solutions strategically.

Business Development Rep. Epicor Software – St. Louis Park, MN (May 2019 – June 2020)

- Qualified $3.7M in opportunities and added $1.1M to pipeline for ERP solutions in manufacturing.
- Received Excellence Award from our CEO for consistent performance in opportunity generation.
